

Course and Conference Grants

The Spokane Handweavers' Guild (SHG) provides up to three grants per year, totaling \$1,500.00, for members to attend courses or conferences directly related to technical and aesthetic development in handweaving or related fiber arts.

Application Requirements and Information:

1. Applicants must be a paid member of the Spokane Handweavers' Guild for at least 12 months immediately preceding an application.
2. Only courses or conferences directly related to handweaving or associated fiber arts will be considered for funding.
3. Each grant recipient for a non-SHG sponsored workshop or event must provide a presentation to the Guild, in coordination with the program committee, within one year of the grant award. This may be a slide presentation, seminar, lecture, workshop, one-person show, or any other appropriate program.
4. A grant application form must be submitted to the guild president no less than 12 and no more than 24 weeks before the actual course or conference will take place. A grant committee, which will determine awards within six weeks of any application's receipt, will evaluate the application.
5. First time applicants are given priority. Former recipients must have complied with all conditions of any previous grant before being considered for another gift.
6. The criteria for awarding grants are:
 - a. Quality of the course or conference
 - b. Contribution to the applicant's technical and aesthetic development
 - c. Commitment of the applicant to handweaving and the fiber arts
 - d. Benefit to the Spokane Handweavers' Guild
7. Award checks will be cut no less four weeks before the event for which a grant was awarded.
8. Receipts for all grant money expenditures must be provided to the treasurer no later than two weeks after the conclusion of the class or conference. If receipts submitted total less than the grant awarded, the grantee must return the unused balance to the Spokane Handweavers' Guild.
9. Grant recipients are responsible for any taxes incurred by grant monies received. Please consult your tax professional.
